

A new Love's Travel Stops location opened in Arkansas this week, adding more than 100 new truck parking spots to the company's network.

On Thursday, July 18, Love's opened a new location in Hazen, Arkansas, at Highway 63 and I-40.

Amenities for the new location include 111 truck parking spaces, Chester's Chicken, Godfather's Pizza, and Subway restaurants, 10 diesel bays, seven showers, an on-site Speedco, laundry facilities, and CAT scales.

We're excited to add another Love's location in Arkansas," said Tom Love, executive chairman and founder of Love's. "The location in Hazen closes a gap for drivers between Little Rock and Memphis and gives them a great option to stop for quality service, snacks and coffee among other things."
